

Welcome Parents!

My name is Ms. Jacqueline Davis. I am excited to be your child's teacher for 2nd grade. During this time of uncertainty, we will be starting the school year remotely-all class meetings and assignments will be done by use of the Google Classroom.

I ask that you help guide and support your child's learning by making sure that the following Class Norms are followed:

- Come prepared to learn. Learning begins at 8:00 a.m.
- Attendance will be taken daily.
- Find a quiet place to learn without distractions.
- Make sure you are dressed and have breakfast BEFORE you come to class.
- Leave phones and games outside of the classroom
- Make sure your camera is on as much as possible. I would love to see you!

Because this is brand new for both you and your child, there will be some initial problems. I will be working with you along the way to make things run as smoothly as possible. I am looking forward to meeting each and every one of you to create a very successful school year!
